We Innovate to Save Lives

Waterproof & dust-resistant  
allow to work in tough environments

## EN1789 Certified

Emergency & Transport Ventilator

### Easy Maintenance

Easy to replace and clean patient valve. T5 can handle multiple conditions, such as shocks, vibrations, rain, dirt, and extreme temperatures. Patient valve system:

- Detachable design
- Disassemble without any tool
- Autoclave sterilization
- Trusted and durable

  
Ventilation  
modes

#### Ventilation modes

Volume-Control Modes:  
V-A/C, V-SIMV, IPPV  
Pressure-Control Modes:  
P-A/C, P-SIMV, CPAP, PCV  
Other modes: CPR, Manual, HFNC

#### CPR mode

**Amóul** CPR mode provides visual and voice guidance based on the AHA guidelines

EtCO<sub>2</sub>

#### EtCO<sub>2</sub> measurement (optional)

Real time monitoring of the end-tidal CO<sub>2</sub> concentration (EtCO<sub>2</sub>) in exhaled gas

  
Portable

#### Compact

Weight ≤3.4 kg (lightweight)  
Compact size  
Easy to carry with just one hand

## Touch Screen

7" color touch screen, clear and intuitive to simplify the user's work

One-key setting to improve efficiency of rescue

## Fully Portable

Equipped with a portable mobile rack that makes it easy to move or use in ambulance.

CE ISO EN1789

The oxygen cylinder can be carried in a cylinder bag together with the main unit bag, change. It also can be detached from the main unit bag to transport separately. This feature makes it easy to use in different emergency scenarios.

## Versatile functions in one device

<p>High Flow Nasal Cannula Therapy</p>	<p>Smart one-key setting</p>
<p>CPR rescue mode (Patent)</p>	<p>Amoul® CPR multiple modes</p>

## Real-time data transmission via Wi-Fi connection

- 1、 Easy to replace built-in battery. It supports charging via AC and DC power
- 2、 Gas inlet port, pressure monitoring port, built-in precise electronic PEEP, fresh gas output port, EtCO2 sampling port
- 3、 Easy to carry or hanging on stretcher / bed
- 4、 EtCO2 module (optional)
- 5、 Carbon fiber oxygen cylinder ( optional ) for weight reduction
- 6、 Reusable breathing circuit
